This free toolkit offers in-depth, yet easily accessible information that outlines the basics about a variety of topics including: your rights during ICE confrontations, the different types of immigration options available, ideas for building your consultation roadmap, and tips on covering your bases while waiting for relief. This 13-page resource also incorporates links to other helpful reference documents, fact sheets, and tools readers can use to construct their own personalized plan.”

“Every family should have a Family Preparedness Plan in case of an emergency. It is equally critical for immigrant families to think ahead and set more concrete plans for immigration emergencies that can arise.

To assist in this, we’ve provided a toolkit below that goes into detail about different childcare options available in case of an absent parent, where to find trusted immigration services in your community, and how to prepare to assert your constitutional rights in the presence of an immigration officer.”

If you find you have to deal with Immigration and Customs Enforcement (ICE) or other law enforcement officers at home, on the street, or anywhere else, remember that you have the rights described in this factsheet.
